

Sunday Afternoon.  
Dear Dedie and all:

My gracious, we have  
been waiting and won-  
dering why you don't  
write, if you have all  
moved to Atascadero  
where it is so fine  
you don't remember  
your relations anymore  
or if you are sick  
or what can the  
matter be? Mama  
wrote to you in  
March and I went  
by early in May  
one Saturday morn-  
ing with friends in  
their auto, but didn't  
see any of you

out and didn't want  
to ask them to stop  
we were going up to  
Saw Pit canyon, had  
a lovely time.

Last Sunday afternoon  
I was out riding and  
we would have gone  
up to see you, but  
I didn't know whether  
you would be home  
or not and I thought  
I had better write  
first, some of these  
times we may stop  
if you don't care.

How are you all  
anyway? we do hope  
you are well, all  
of you. Has George  
gone back to Atas-

caderno?  $\frac{3}{4}$  year nettie  
gotten back to calif-  
ornia yet?

Only about  $\frac{1}{4}$  of  
Paysa's cabbage plants  
made cabbages and  
it wasn't any price

They picked our  
valencia oranges  
the last of may, they  
brought about  $\frac{2}{3}$  as  
much as last year  
less than \$1.00 for  
the crop, they were  
so scattering this  
year you know  
and of course the  
price was poor.

We have had lots  
of berries, but they

are like every thing  
else in price, I picked  
up 76 boxes myself.

Our satchmas are  
coloring up now.

Friday Mamma and  
I went to Longbeach  
with Firestones in their  
machine, it was long  
ly down there that  
day, there were lots  
of people in bathing

next Friday is the  
Sunday School picnic  
down beyond Rivers  
at the River.

Mamma and Papa  
have gone to see  
some friends who  
have moved out  
here that we used

to know in the city  
and I am writing let-  
ters.

Mamma hasn't been  
so well for some time

I had a letter from  
Aunt Ida some time  
ago, she had her  
operation you know  
she was getting strong  
er. I and Ma stayed  
with her, but had  
gone back home  
but I guess she is  
breaking up house-  
keeping because she  
sent a box to us  
with a feather bed  
and two quilts and  
a pair of pillows, some  
curtains, a sheet, two  
counterpanes and some

dishes in it, but we  
have had no letter  
yet.

I had a letter from  
Madge a few days  
ago saying she was  
going east for a  
visit in August.

well I must close  
hoping to hear from  
you real soon.

With love to all,  
Alma.
